

UNIVERSAL HEALTHCARE MANAGEMENT SERVICES

Universal Healthcare Management Services (UHMS), Inc. believes that every consumer deserves success. A successful treatment is defined by a consumer's ability to manage their behavioral health, maximize their daily function while sustaining a positive pathway toward self sufficiency for the entire family unit.

OUR SERVICES

Universal Healthcare Management Services (UHMS), a disabled veteran owned company, was established in 1999 by William F. Patterson (CEO). UHMS is committed to empowering youth, young adults, their families and veterans to transcend adversity and achieve their fullest potential.

Residential Services

We develop and operate therapeutic group homes, serving adolescent males and females who have been referred by the Department of Youth Rehabilitation Services.

Proprietary Trauma Based Model Interventions

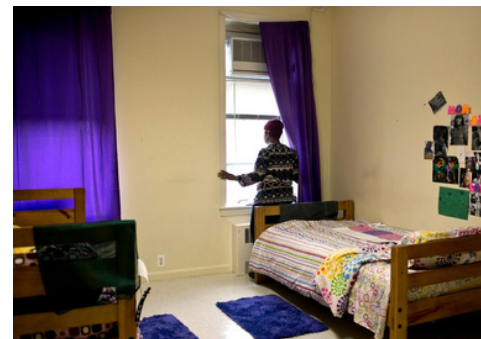

Individual, group and family therapy for symptom and behavior management for PTSD.

Counseling

We offer individual, group and family therapy for symptom and behavior management.

Community Outreach

We serve as advocates for our consumers, collaborating with other community resource agencies and members of the consumer's network.
